Brian Devincenzi

Assistant Superintendent for Support Services

September 1, 2022

Dear Parents/Guardians:

The Wallkill Central School District has developed and continues to update a Management Plan to address the limited asbestos-containing materials that remain in the District's buildings. These materials are checked every six months to ensure that their condition has not deteriorated. The last required re-inspection was performed in the spring of 2016. The District has no plans at this time to abate asbestos-containing materials. Should you have any questions, or if you would like to review the District's Asbestos Management Plan, please contact my office at 845-895-7102.

Sincerely,

Brian Devincenzi

Assistant Superintendent for Support Services
