Proposition #1: RESOLVED, that the proposed Wallkill Central School District budget for the 2024-2025 school year in the amount of \$89,466,000 be approved and the Board of Education of said School District be authorized to levy the necessary tax therefore.

Question: Is the Wallkill Central School District's 2024-2025 tax levy within the limit?

Answer: Yes, the 2024-2025 tax levy is below the allowable limit by \$262,655; therefore, a simple majority of voters is needed for budget approval (50% + 1). The tax levy increase with permissible exemptions is 2.47%.

Question: What is the tax levy limit?

Answer: Essentially, it is an eight-step formula that each school district must use to calculate the tax levy limit. The result (the limit) is the maximum allowable tax levy (including permissible exemptions) that a school district can propose and would require only the approval of a simple majority of voter (50% + 1). Any proposed tax levy amount above the limit would require budget approval by a super majority (60% or more) of voters. For more information on the tax levy limit, please visit www.wallkillcsd.k12.ny.us.

Question: Does the tax levy limit indicate how much my taxes will rise?

Answer: No, the tax levy is the amount of money the school district can raise through property taxes. The amount an individual will pay toward the levied amount is the tax rate. Tax rates paid by individual taxpayers may differ greatly from one household to another based on such things as equalization rates and total town assessed values.

Question: What strategies were used to have a tax levy within the tax cap?

Answer:

1. Projected increase in State Aid
2. Lower health insurance renewal rates
3. Use of fund balance and reserves
4. Multi-year financial planning

Question: What is the percent increase of the proposed 2024-2025 budget when compared to the 2023-2024 budget?

Answer: The 2024-2025 budget increase is 4.68%.

Question: How much State Aid is the District projected to receive?

Answer: The District is projected to receive \$38,000,000 in State Aid in 2024-2025. In addition, the District continues to balance its budget with reserves and fund balance.

Question: What programs for students are included in the 2024-2025 budget?

Answer:

1. Maintain programs and extra-curricular activities
2. Maintain all instructional/non-instructional positions
3. Maintain the current structure of the UPK program (84 slots)
4. Add one (1.0) FTE School Psychologist to address the needs of our students with disabilities and the increasing mental health needs of students

****Please use Chrome or Firefox browsers when entering the Business Portal to complete the PTRC. Internet Explorer is NOT recommended.****

Note: Some data elements of the Property Tax Report Card have been revised or renamed to more closely follow the Property Tax Cap calculations districts complete on the Office of the State Comptroller website. Please see the Help text above for definitions. Additional guidance on the Property Tax Levy Limit is available on the Office of Educational Management Services website:
<http://www.p12.nysed.gov/mgt/serv/propertytax/taxcap/>.

Please also submit an electronic version (PDF or Word) of your school district's 2024-25 Budget Notice to: emscmgts@nysed.gov. This will enable us to help correct any formula or data entry discrepancy quickly.

Notice: The Enacted Budget allows school districts to establish a reserve fund for NYS Teachers' Retirement System Contributions, effective immediately. This reserve, if applicable, should be reported in the Schedule of Reserves under 'Other Reserve' and with a description that says: "To fund employer retirement contributions to the New York State Teachers' Retirement System (TRS)."

Form Due May 13, 2024

2024-2025 Salary Threshold =
\$169,000

In response to legislative efforts to encourage greater cost sharing in service provision and local government administration, we now provide a section for districts that share administrative staff to highlight these efforts for the upcoming school year. Each sharing district should identify in the form the other district(s) with which they will be sharing administrative staff for school year 2024-2025.

If you will be sharing a Superintendent, list the other district (or districts) in the text box. If you will be sharing other administrative staff required to be reported, please send an email to EMSCMGTS@nysed.gov indicating the title of the staff persons(s) as well as the other district(s) involved in the cost-sharing.

The salaries, benefits and other compensation reported in the form should reflect only the financial support or commitment that your district will be making. They should **not** reflect the total amounts budgeted to be paid by all participating districts over the school year.
