## Students Rights and Responsibilities

We believe that in order to exercise rights and earn privileges, students must fulfill certain responsibilities. If students do not accept basic responsibilities, the rights and privileges of other members of the school community are threatened.

### **Students Rights**

Attend school in the district in which the student's parent or legal guardian resides.

Express opinions verbally or in writing.

Be responsible for dress and appearance.

Expect that the school will be a safe, orderly place for all students to gain an education.

Be given due process in the event of disciplinary action, including suspension.

Be represented by a student government selected by free school election.

Be given equal educational opportunities.

Be given channels of communication to Board of Education and school administration concerning operation of the school system and curriculum planning.

Be given the opportunity to develop school publications such as school newspapers.

### **Students Responsibilities**

Attend school daily, except when ill, and be on time to all classes.

Express opinions and ideas in a respectful manner so as not to offend, slander, or restrict the rights and privileges of others.

Refrain from wearing any item of clothing which in the opinion of administration is dangerous, indecent, or distracting.

Be aware of all rules and expectations regulating student conduct and abide by them.

Volunteer information in disciplinary cases.

Take an active part in government by running for office or conscientiously voting for the best candidates and make problems known to the representatives.

Be aware of available educational programs.

Share ideas about the activities and curriculum of the school by speaking with student government representatives.

Refrain from libel and obscenities.

### **Students Rights**

Be given the opportunity to participate on athletic teams, regardless of sex, except pursuant to Regulations of the State Education Commissioner.

Be given the opportunity to participate in extra-curricular activities.

Have access to relevant and objective information concerning drug and alcohol abuse, as well as access to individuals or agencies capable of providing direct assistance.

Have student records available for inspection by parents or legal guardians upon request, or by the student if eighteen years of age or older.

Be respected as an individual entitled to personal dignity and integrity.

### **Students Responsibilities**

Follow athletic requirements.

Be aware of all rules governing participation in extra-curricular activities and abide by them.

Be aware of the information and services available.

Refrain from participating in any discriminatory practices against others.

The Wallkill Central School District affirms that it does not discriminate on the basis of sex, race, color, creed, national origin, age, political affiliation, marital status, disability, or other protected categories in any educational programs or activities which it operates. This policy on nondiscrimination includes the following areas: recruitment and appointment of employees; employment pay and benefits; counseling services for students; access by students to educational programs, course offering, and student activities.

## Guidance

### **Counseling and Guidance Program**

Guidance services are available to help each student get the most out of the Middle School program. All students are encouraged to come to the guidance office and talk with the counselors regarding any concerns they might have. Students may arrange to meet their counselor simply by stopping in the guidance office during homeroom, lunch or study hall to make an appointment. Often the counselors help students with educational program planning, study habits, personal and home concerns, health problems, social questions, career plans, and decision making. Students should feel free to discuss their interests, plans, and difficulties with the counselors. At times during the year, many students are asked to become members of small groups that meet on a regularly scheduled basis with the counselor. Individual and/or group concerns as well as the development of positive values are stressed at these meetings.

### **Counseling/Teaching by Teams**

Team teaching relates to a number of teachers working together with the same group of students. Each group of team teachers has a common planning period daily to help coordinate lesson plans, assignments, projects and tests, and to hold parent conferences.

### **Course of Study**

**Seventh** graders are required to take the following courses:

**Living Environment**  
**Science Grade 7 (90 or above)**

**Spanish I Criteria**  
**English Grade 7 (90 or above)**

In order to earn the one (1) High School credit linked to this course student must:

- A. Pass the class with a 65 or higher **and**
- B. Pass the Checkpoint A Exam with a 65 or higher

**Academic Intervention Services (AIS)**

Many seventh and eighth grade students benefit from labs aligned to their major subjects. These labs are designed to assist the students and provide academic intervention services.

**Homework**

Homework should be considered as a preparation for or follow-up of class work. In addition to reading and written assignments received from teachers, students should bring home textbooks and notebooks to review on a regular basis. It is the responsibility of each student to complete homework assignments daily. The true evaluation of homework comes in your performance in classroom recitations and examinations. You are encouraged to bring into class questions concerning assignments which are not clear or which cannot be accomplished at home.

The teacher will evaluate your ability to do homework assignments and to participate in class when he/she records your total evaluation at the end of a marking period.

**Honor Roll**

Honor Roll is computed each marking quarter (report card) as follows:

Students eligible for High Honor Roll must have an average of 90% (or above) for the quarter and no failing grades or incompletes.

Students eligible for Honor Roll must have an average between 85% - 90% for that quarter without any failing grades or incompletes. Names of Honor Roll Students are posted in school and in local newspaper.

### **Marking Period/Report Card Schedule**

Report cards will be mailed to parents/legal guardians four times during the school year. The report card evaluates each pupil's academic as well as behavioral achievement. Numerical grades are used. Computerized five-week progress reports are mailed to parents between the quarterly report periods. These reports may communicate either positive comments or identify areas of concern. We urge you and your parents to evaluate the grades you receive and to discuss any concerns with your teachers, counselor, or principal.

### **National Junior Honor Society**

Seventh grade students are selected for the John G. Borden Middle School's James Monahan Chapter of the National Junior Honor Society, after demonstrating scholarship, service, leadership, character and citizenship. Students must have three marking periods of a cumulative average of 90% or higher. Eighth grade students who do not join as seventh graders have an opportunity for membership if they achieve a cumulative average of 90% or above for seven marking periods. Final selection for this prestigious organization rests with faculty, guidance counselor, and principal. Once selected, members have the responsibility to continue to demonstrate the aforementioned criteria.

### **Study Halls**

A student's free period during the day is spent in study hall. Students should bring ample material and work to study halls so that the time is spent constructively. Students who have permission to work in another teacher's class, instead of study hall, must present a pass to the study hall teacher at the beginning of the period.

### **Textbooks**

All basic textbooks are loaned to students for their use during the school year. Textbooks are to be kept clean and handled carefully. Upon receiving your textbooks please write your name and the condition of book on the label inside the cover. Each student is responsible for his/her own books. Textbooks must be returned at the end of the school year. You will be required to pay for lost or damaged books.

## Attendance

A student is required by State Education Law to remain in attendance until the last day of session in the school year in which the student becomes sixteen years of age. Good school attendance benefits the student. Those who attend classes regularly have more time to learn and gain from positive reinforcement. The legal reasons for being absent from school include:

1. Personal illness.
2. Illness or death in the family.
3. Recognized religious holidays.
4. Quarantine.
5. Remedial health treatment.
6. Impassable roads.
7. Court attendance.

The day the student returns from his/her absence, a written excuse (signed by parent/guardian) must be presented to the homeroom teacher. This excuse is to include the reason for the absence and the date(s) the student was absent. All absences for which a parental note is not received will be coded as illegal. Chronic illegal absences will result in disciplinary action *and/or notification to child protective services*.

Students absent for one day should contact classmates for assignments missed. If a student's absence will be two or more days, the guidance office should be contacted to arrange for missed class work and assignments to be sent home. Students are expected to complete such work and submit it to their respective subject teacher(s) upon re-entry to school. ***Please call guidance at 845-895-7179***

### Activities

Please note, students must be in attendance the day of an extra-curricular or evening school activity in order to participate in the activity.

### Early Release

1. Please note that students are not permitted to leave the school grounds at any time during the school day without an early release pass from the office. Failure to follow the proper procedure will be considered truancy. The student will be subject to disciplinary action.
2. If you need to leave school early, you are to bring a note from your parent/guardian indicating the time you will be picked up from school. This note should be presented to the homeroom teacher during the homeroom period. An early release pass to leave class at the designated time will be issued to you from the main office. All students are to be signed out with the Greeter by a parent or guardian.

### Emergency Procedure Cards

The purpose of the student emergency card is to update information concerning home address, home and business telephone numbers and a person other than parent or guardian to contact during the school day should an emergency arise.

**Please return completed emergency cards on the first day of school.**

### Tardiness

Students must have a note from parents explaining cause of lateness. Students who are frequently late to school may receive disciplinary action.

## Health

The John G. Borden Middle School has the services of an RN and the facilities available for first aid only. The school is not responsible for the first aid care of injuries, cuts or bruises sustained out of school.

In the event a student is ill with a communicable disease, the parent should notify the school so that the nurse can observe other pupils who have been exposed.

Students are not to possess or consume medication in school. This includes over the counter medications. If such is prescribed by a physician for illness or a health condition and must be taken during the school day parents are to bring the medication to the school health office along with written directions for its use. All medication will be stored and administered for students in the health office.

The New York State Education Law requires every pupil to have periodic health examinations (grade 7, new enrollees, sports participants, and special education students). In addition to a routine physical check-up, examinations include scoliosis screening, hearing, vision and an immunization update. If a pupil wishes, he/she may be examined by his/her private physician. A special form is available for this purpose in the health office.

### **Home Tutoring:**

Instruction may be provided to a student who has a health problem that, in the opinion of a licensed medical examiner, will cause him/her to be absent from school for more than two (2) consecutive weeks and who school personnel determine can benefit educationally from such a program. Where it is known in advance that a student will be absent for longer than 10 days, homebound instruction may begin earlier than the 11<sup>th</sup> day of absence. The District reserves the right to have the student's medical condition reviewed by school medical personnel and reserves the right to seek documentation and/or speak to a student's licensed medical examiner before providing homebound instruction.

- A secondary student will be provided with a maximum of 10 hours of homebound instruction per week or two hours per day. Instruction is only to take place on days when school is in session, not on holidays or snow days. For example, if school is in session for 4 days in a specific week, the maximum amount of hours that a student may be tutored for that week will be 8 hours, not 10.
- Prior to any home tutoring taking place, a Home Tutoring Request form should be completed at the building level and submitted with accompanying documentation to the Office of Educational Services for approval by the Assistant Superintendent.

### **Students must report to the health office regarding:**

- Any accident in the school building, on school grounds, at practice session or at any athletic event sponsored by the school
- Physical education excuses
- Summer health forms
- Hearing and vision tests
- Illness during the school day

In order to be excused from participating in physical education, a written note from a parent or guardian must be presented to the health office during the homeroom period. If the time extends more than a week, a doctor's excuse is required. A second notice from the physician is required stating fitness to resume full activities in physical education again.

### **Student Accident Insurance**

Accident insurance is provided for all students. The following procedures are to be followed in the event a student injured during the course of the school day:

1. Report the accident immediately to the supervising teacher and the Health Office.
2. If there were witnesses to the accident, provide the nurse with the names of the individuals.
3. Obtain a claim form from the health office to be used in the event treatment is necessary by a doctor or dentist.  
(The form must be completed by the attending physician)

### **Please note:**

All claims for payment of medical expenses must first be submitted to the parents' insurance company. Only expenses incurred which are not covered under the parents' insurance are to be claimed through the accident insurance by the school.

### **Library Media Center**

The school library serves two basic purposes: as a resource center for books and materials needed by students and staff, and for reading exploration and enjoyment. Students are encouraged to utilize the library for research and multi-media work during their free periods. However, library personnel will accept only those students who have properly signed passes from their subject area teachers.

Those students who fail to adhere to the rules of the library will have their pass privileges suspended and will be disciplined, according to the Middle School Discipline Code.

1. Books may be checked out for a two week loan period with the option of renewal at the end of that time.
2. Reference books and magazines are to be used only in the Library.
3. Reserved books may be borrowed for a time designated by the Librarian and must be returned on the date due.
4. Students must pay for book losses and damage beyond reasonable wear.

## Athletic/Co-Curricular Academic Eligibility

**POLICY STATEMENT:** The Wallkill Central School District Board of Education, and all athletic coaches of the District (Middle School/High School), recognize the first priority of the student athletes education experience is academic excellence. All student-athletes must recognize that participation in interscholastic athletics for the Wallkill Central School District is an honor and privilege earned by maintaining academic and discipline standards. Failure to maintain the minimum standards listed below will result in the following actions:

1. In order to be eligible to participate in athletics, a student is required to be taking at least four (4) subjects, one of which must be physical education per (NYSPHSAA Handbook). However, a student-athlete may opt-out for physical education class, for that specific sport season, if he/she successfully meets the requirements of the New York State Physical Fitness Test.
2. A total grade point average of less than 70% for all credit bearing courses scheduled during each of the five-week periods under consideration will result in:
  - a) The Athletic Director and coach will first review the Teacher Evaluation/Grade Average Report or the Report Card to verify the status of the student-athlete, consider extenuating circumstances (which will be presented to and must be approved by the building principal), and outline with the student a planned effort for improvement.
  - b) Suspension from playing in any game/scrimmages for two weeks.
3. At the end of the suspension period, a second informal hearing will be held involving the same parties and:
  - a) The student-athlete must produce a new Teacher Evaluation/Grade Average Report or Report Card that lists the current average for each credit bearing course scheduled.
  - b) If the Report indicates a total grade average of 70% or higher, the student athlete may be reinstated to full status on the team.
  - c) A continuation of a grade average of less than 70% will result in a continuation of the suspension until the next five-week evaluation period when steps "2a" and "2b" will be repeated.
4. A total grade average of less than 70% for all credit bearing subjects scheduled during the entire year as indicated in the final marking period of June will result in suspension from participating in a fall sport activity unless summer school is attended and the total grade average is brought up to 70% or greater.
5. A student-athlete who is on suspension and then drops a failing course will have his/her case reviewed by the Athletic Director and is not automatically dropped from suspension.
6. The building principal will have final review authority to determine practice and playing eligibility.
7. No student athlete will be released from suspension without documented proof of a 70% or greater total grade average for credit bearing courses scheduled during any five-week period.

A student-athlete who chooses to participate in two (2) or more sports in the same season must obtain a two- sport declaration form from the coach and declare his/her primary sport (sport of choice). This policy was formed to eliminate conflicts when two (2) sports are scheduled to play at the same time or on the same day. This form, when signed by the student-athlete and his/her parent/guardian, must be turned into the Athletic Director. Student-athletes must be aware that they must meet all of the required practices of both sports to become eligible.
