CAREER
DAY
2015

MARCH 26TH

Mrs. Lori Hughes Career Day Coordinator

Background

Our first Career Day started with approximately 20 parent participants in 1994. It was a great experience for our Middle School students. Currently the average number of participants has reached 80. Get involved and become part of the educational team by sharing your work experiences –daily duties and educational requirements.

Career Development: Students will be knowledgeable about the world of work, explore career options, and relate personal skills, aptitudes, and abilities to future career decisions.

This experience is an eye-opener for our students. Career Day is a day they start realizing that the basic skills they are learning today will help them to reach their goals and prepare for their future role as a working adult.

Career Assessment Pamphlets: Students will participate in an assessment evaluation, which will help him or her to discover where their interests lie. Career Research and Reports. Students will participate in developing a Career Plan in the <u>Career Zone</u> site, besides attending Career Day.

Some past Comments on Career Day

Awesome! Unknown

Very informational; and fun!! Kris

I found out many new things. Bonnie R.

It was fun, better then I expected. Ryan C.

It was really fun trying out new things, like controlling the robots! Michaela B.

I really liked it and thought it was great.

Unknown.

It was interesting to see so many jobs.

Unknown

Better than I expected. I liked the ice cream.

Ariana D.
